The information can only be released, including under the Official Information Act 1982, by persons with the appropriate authority.

Enabling Commercial Game Preserves to Continue Operating and Providing for Three Additional Preserves

Portfolio Conservation

On 10 March 2022, the Cabinet Environment, Energy and Climate Committee:

- noted that commercial upland game preserves have been operating for up to 20 years but will be required to cease operating after 6 May 2022 if no regulatory action is taken;
- 2 **noted** that there will be adverse financial and employment impacts on commercial upland game preserve operators, their employees, and their suppliers if they are required to close;
- noted that the New Zealand Fish and Game Council supports the continuation of commercial game preserves as they provide increased hunting opportunities both within such preserves and beyond preserve boundaries;
- agreed that an Order in Council under section 8 of the Wildlife Act 1953 be made to enable the existing commercial game preserves to continue operating, and to add three new areas (attached as Appendix 2 to the paper under ENV-22-SUB-0009) to the list of game preserves listed in Schedule 3 of the Act;
- 5 **invited** the Minister of Conservation to issue drafting instructions to the Parliamentary Counsel Office for an Order in Council to give effect to the intention in paragraph 4 above, with the new Order taking effect as soon as possible after 6 May 2022.

Vivien Meek Committee Secretary
